

## DUAL MIXER FILTER SYSTEM

This system is easily installed under bench and comes with a 3-in-1 dual purpose mixer tap, providing hot and cold water with an additional outlet, delivering clean, pure, great tasting water.

- One tap for everything
- System easily installed Under Bench (out of sight)
- Operates with one 90° turn
- Water is forced through a high quality 0.5 micron filter
- Removes/reduces Giardia and Cryptosporidium, Chlorine, Chemicals, Pesticides, Insecticides, Asbestos, Rust, Sediment, plus Taste, Odour etc
- Cartridge Replacement/Service (Recommended every 12 months)
- Costs less than a cent per litre
- Easily upgraded to twin unit to allow for greater sediment removal or specialty cartridge.

### BENEFITS OF PURE WATER:

- Clean tasting and refreshing every time.
- Improves physical and mental performance.
- Needed for proper kidney function and healthy metabolism.
- Money saved from buying soft drinks, juice, teas and coffee.
