

Bench Top Filter System

This portable system is ideal for any situation where a permanent unit is not required and it easily attaches to your kitchen tap to deliver clean, pure, great tasting water.

FEATURES

- Easily attaches to your kitchen tap
- Operates with one 90° turn
- Water is forced through a high quality 0.5 micron filter
- Removes/reduces Giardia and Cryptosporidium, Chlorine, Chemicals, Pesticides, Insecticides, Asbestos, Rust, Sediment, Heavy Metals, plus Taste, Odour and more...
- Costs less than a cent per litre
- Cartridge Replacement/Service (Recommended every 12 months)
- Take it with you wherever you go
- Easily converted to an Under Bench system
- Twin Unit allows for greater sediment removal or specialty cartridge

BENEFITS OF PURE WATER

- Clean tasting and refreshing every time.
- Improves physical and mental performance.
- Needed for proper kidney function and healthy metabolism.
- Money saved from buying soft drinks, juice, teas and coffee.

- Easily converted to an Under Bench system as pictured
