

Crystal Clear Glassware

PRODUCT SELECTION GUIDE • WAREWASHING

WAREWASHING is water using application.

PENTAIR EVERPURE® Kleenware® Systems and PENTAIR EVERPURE® range of water softener protects the booster heaters, spray arms and interior cavities of your warewasher and keeps them working properly besides reducing detergent usage.

HT-10

- High capacity, high temperature scale reducing cartridge removes existing scale deposits in warewashing machines and booster heaters.
- Effective up to 77°C, protects against corrosion and helps prevent future build-up of scale.
- Clear cartridge provides visual monitoring of product usage.
- Replacement cartridge for HTS-11 Kleenware System.

KLEENWARE HTS-11 SYSTEM

- Scale prevention and corrosion control for warewashing equipment
- Scale control system features Hydro Blend which inhibits mineral deposits and provides corrosion protection
- Extends the life of expensive foodservice equipment
- Opaque (red) high temperature bowl allows for hot water (up to 93°C) feed installations
- Transparent replacement cartridge containing HydroBlend scale inhibitor, which is effective up to 93°C
- Specially designed flow through head assures consistent, predictable product feed rates
