

Multiple Applications

PRODUCT SELECTION GUIDE • MULTIPLE

PENTAIR EVERPURE® High Flow System CSR MC² Combines all essential sediment filtration, chemical reduction and scale inhibition functions. The system accommodates all your water needs for drinking, coffee, fountain, ice and steam, giving you the right water quality at high flow rates and provides superior operating life.

EC210

- Prefilter Replacement Cartridge for High Flow CSR Systems
- 10 micron rating sediment filtration
- Filters out larger dirt and rust particles to extend the life of primary filter cartridges
- Clear housing lets you visually inspect trapped particles, makes determining when to change cartridge easy

MC2

- 0.5 micron precoat filtration with new and improved proprietary Micro-Pure II media with AgION™ antimicrobial protection inhibits any potential bacterial growth
- Reduces chlorine taste and odour, asbestos fibers, Cryptosporidium and Giardia cysts
- Improves the taste of fountain beverages and helps retain the drink's carbonation
- Protects drink system seals, pump, tubing and small orifices from clogging, corrosion and abrasive wear

SS-IMF

- Scalestick replacement cartridge for High Flow CSR System
- Features Hydroblend™ compound, a unique blend that inhibits mineral scale deposits and provides corrosion protection in low flow waterfed equipment
- Translucent cartridge allows simple visual monitoring of product usage and ensures against wasteful premature cartridge replacement
